The Italian Life

Italy has long been known for its food, fashion & history: **La dolce vita**.

It's a unique lifestyle, like our designs which are suitable for every occasion Italy has to offer. From fashion week to enjoying a glass of wine in Tuscany or the majestic coliseum.

Years of history, great food, fashion, in all a great culture. **Life Eyewear** is a compendium of inspiration that is Italy. Desire to grow and expand with all senses. Taste, aroma, visual, tactile.

Life History

LIFE ITALIA was born in 2007. After years of experience in the field a couple of friends decided to initiate a project, offering the market a range that was not covered by both price and quality. Having created a structure, new brands, new image and the willingness to improve on an already existing concept, makes us launch 5 product lines; **Life Italia, Sole (Life Sunglasses), NIC /ISI, SuperLight & Classic Optical.**

Today, **LIFE** has more than 2500 clients and a sales network that covers all of Italy.

Our distribution strategy is based upon a qualified team of sales rep's that guarantee coverage of all Italian regions.

Internationally we are represented by representative offices and a network of independent distributors that resell our products in their local markets.

Life Italia

Our **Life** policy is to satisfy customer's need, not only by offering a quality product at a competitive price, but also by being open to incorporating:

- **New Technologies**
- **New Materials**
- **New Designs**

In general, opening a dialogue to improve the relationship with the client where we are interested not only in sales, but in providing solutions and meeting the needs of opticians.
